It is soo cool the Srevers ware papre hats and pencils on there eres they are all most all teen adgers and they scope giant scopes! They are frendly very frendly If you get sugar cone they put marshmeloows in bottm so it doesent drip out. Some people good say its opensve and they are rite! When my fameley go se there it cossts $10 $ dolars but it is 4 Kids and David gets 3 scoop scope and 2 moms..

Save money if you want to go there and only order 1 scope that is little and only 1 I think. It is worth it !!!
