Introduction 1

In my story you will be blown away by it. When you read the first chapter you will start to feel like you are an expert already. So in my you will learn and explore about soccer and Portsmouthals and if you play that sport you can be an expert already. So if you know someone that is a professional soccer player maybe they will be in my story so go learn and explore in my book.

What is soccer? 1

EXPERT

Soccer is a game that can be aggressive. Some times,
 Sometime some Player get to aggressive and they
 can get a yellow card, or a red card. Those are bad and I will
 explain what they are. The yellow card is when you get a
 penalty. It happens when you punch, kick, trip or even punch someone.
 You can be very aggressive sometimes, sometimes if you are a goalie you
 can get kicked in the face to.

Chapter 2 Uniforms

Uniforms are important because if you don't have the right uniform you'll get mixed up with the other team and then you will pass the ball to the other team player and they will get the ball. That the president is on the goal. You have to have uniforms because one is your home uniform and one is your away uniform. Sometimes in indoor soccer they make you bring two uniforms because they don't know what the other team's color is.

Chapter 3 Positions

Soccer is a aggressive sport. In soccer there are 4 positions, Goal, defense, mid-field and offense. The goal has a very important job. Here is a personal story.

Once when my team scored a goal. So as I was saying goal is a very important position. If you get second on the ball than goal is not the position for you there are still other jobs. Sometimes you need to punt the ball. I bet you give are like I don't know what is punts. Punts are when you throw the ball up in the air than you kick it then it either goes high or low. Because some people are not so good at it. Now we are on defense. It's important job because you have to stop the other people on team from getting a goal. If the other team gets behind the defense then they probably will score a goal. Now we are on offense is where most of the action because you score goals or get the ball from other people.

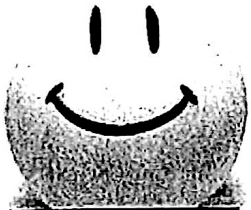

1980 CHAPTER 4

In 1980 there was a very famous soccer player in the world. Her name was Rebecca Hamm she won 5 cups in a row. When her team got into the 6th world cup they lost because they were shooting from the line and the other team had a very good goalie.

EXPERT

 In soccer there are a yellow cards and
 red cards. A yellow card means you can't play for
 90 minutes than you can play. By the way 2 yellow
 cards = a red card. One red card means that you can't
 play for the game. What can cause a yellow card is
 tripping or pushing. What can cause a red card is kicking
 punching and tripping.
