littering

Imagan a world without littering
 looking out side Seeing big blue
 Skys and a big yellow sun and
 seeing no gar bge on the Streets.
 wouldent that be a Perfrect
 world. Now Imagain a world
 with littering looking outside
 and Seeing big dark clouds and
 no sun. And Big Piles of
 garbge. I'm Shure Knowone
 would like to live in
 a world like that. So
 don't you want to make
 a Change. So here is what
 you could do. you could
 do the 3 rs. Reduce, Reuse
 and Recile. So you could Reduce
 by using eco friendly
 bags instead of using
 thoes plastic bags that
 pleut the eart more.
 And to Reuse you
 could Reuse by reusing
 things around the house.
 for in instance, you could

Kayla

use a Card board box
 as a memorie box - You
 could decorate the box and
 then put things inside the
 box that give you good
 memories. Recite by getting
 recycling bins at your
 house to recycle paper and
 plastic. And yet I am a
 little girl and yet you
 are grown ups, And I am
 trying to make a Change
 in the world and you
 are not trying to. I think
 littering should be aganst
 the law. And how would
 you like your children
 living in a world
 with gaint piles of
 garbge. Because I know I
 would not like that.
 I even interviewed my
 babysiter and she said
 she has seen
 m utip all peo ple litter

Also I want to make a club at my school called the ECO-KIDS. And in my club kids are pledged to not litter and make a change in the work on littering. And in the club we will play environment friendly. Soon I'd hope a lot of kids will be following my lead. I have a lot of ways to make this earth better. But I can't do it alone I need all of you-

So Please Stop litter!
