

To ~~the~~ School Council

June 18,

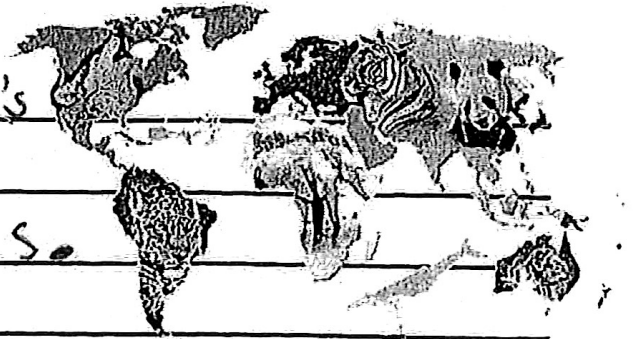

Dear Ms. Schwartz,

Do you know that  
bat's are in dangered?  
well they are and I want  
to help them.

Can you make a  
fun raiser to collect  
money and when we  
are done give it to  
me and I will send  
it to the forest  
ranger's and tell them  
to buy 10 bat houses  
with it and if they  
have extra money they  
will keep it because  
they don't have a lot  
of money.

Another reason you  
should make a fun raiser

to save bat's  
is because  
they help us.

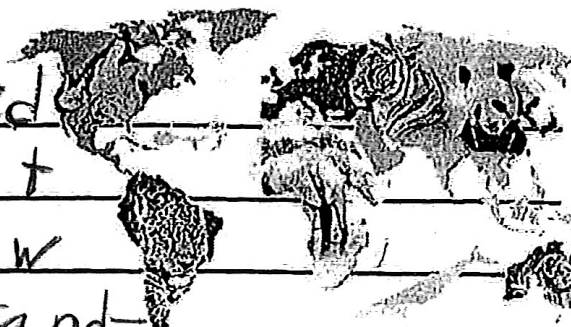

One way they help  
us is because they  
spread pollen around the  
world.

Another way bat's  
help us is because they  
eat over 1,000 insect's  
an hour.

Before I finish my  
letter I want to  
tell you a story about  
bat's...

One night I was  
visiting my grandma.  
I was so excited to  
visit my grandma. My  
grandma has a big fruit  
tree. When I got out of  
the car I heard fla-

pping. I looked  
at the fruit  
tree I saw  
a bat. My grand-  
ma told me it was  
a fruit bat's it co-  
mes every night to  
eat the fruit.

So can you  
make a fun raiser to  
save bat's

Sincerely,  
Sahar
