

I love Ice cream

I love Ice cream because you can add different toppings, there are so many flavors, and it's refreshing on a hot day.

One reason why I love ice cream is that the flavors are **ENDLESS!** There's French Vanilla, cookie dough, Cookies n' cream, and so much more! Once it took me 15 minutes to choose a flavor.

Another reason is, there are so many toppings! So many sweets! Once, me and my cousin went to Hagen das, and my cousin just got toppings, no Ice cream.

The last reason is, it's so refreshing on a hot day! Once, I almost fainted on a hot day, but then I got Ice cream and felt better.

That's why I love Ice cream so much! There are many flavors, awesome toppings, and it's great on a hot day! So eat it whenever you want! (if your parents let you) You'll love it! I do! It's **GREAT!** Everyone loves **ICE CREAM** It's the best food in the **WHOLE ENTIRE HUGE WORLD!!!!**
(Ice cream is.)
