

Dear Melnie,

did you know that kids are
being too noisey ^{on} ~~in~~ the stairs
it is a big problem. Some kids
talk with inside voices. Ather
kids talk relly loud. Its a
problem because one day Felix
was right next to me and he
was yelling very loud and
when Miss Liz said a quiet signal
I could not hear her and I was

not looking at her. It is bad.
Maybe we can remind the kids to
not yell by putting a sign on the
wall on every stair case. It would be
good for a lot of the ~~class~~ 1st grade
classes so when the teachers do a
quiet signal they can hear the teacher
so they can talk. thank you,
